

# REVISE & EDIT WORKSHEET

WWW.GRAMMARIST.COM

Answer this paragraph editing activity by revising and editing it.

The laboratory tests are not suitable for the digital classroom due to the fact that there are inadequate software programs purchased by the institution. 3D simulations and tools like Project Noah and Prepmagic should be invested in by the institution. Therefore, the entire school believes that 5th grade Science quizzes should be improved by the instructional designers. Each classroom activity are also not aligned with the learning objectives because they only address lower-level thinking skills. This is through multiple-choice tests and identification items.

The entire school believes that the instructional designers should improve its 5th grade Science quizzes. First, the laboratory tests are not suitable for the digital classroom because of the inadequate software programs purchased by the institution. The school should start investing in 3D simulations and tools like Project Noah and Prepmagic. Next, each classroom activity is not aligned with the learning objectives. They only address lower-level thinking skills through multiple-choice tests and identification items. Lastly, Science quizzes for the 5th grade have similar content to 4th-grade examination items. Science teachers from these grade levels should set a meeting to discuss the content of their lessons.
